

Curbside ZERO-SORT Recycling is easy! When in doubt Recycle!

Why did I see one truck pick up both my recycling and waste?

Pine Tree over the last couple of weeks is now only using trucks that have **dual compartments** - 1 for recycling and 1 for waste. Don't worry your recycling is going to the right place.

What should I do with large cardboard boxes?

Please break down the boxes and leave near your recycling container. One of our employees suggests tying the boxes that way the items are less apt to blow away and marking with the words "recycle" to ensure the driver knows what is recycling.

What are some other items that I can recycle?

Rigid Plastics – children plastic toys, plastic laundry baskets, plastic lawn chairs.

Junk mail and newspapers including the advertisements.

Cardboard including cereal boxes, beverage boxes, etc. Please remove any plastic liners and plastic wrapping.

Empty aerosol cans with caps on.

Laundry detergent bottles with caps and milk jugs.

Books (hard & soft covered), magazines and VCR tapes.

Can I recycle plastic bags?

Unfortunately, at this time plastic bags cannot be recycled thru this program. The plastic bags and plastic liners jam up the conveyors belts at the facility.

Hannaford and Walmart do have a recycling program for plastic bags.

What if I have more than one container for recycling?

You can obtain more stickers at the Town Office or just mark the container with the word "recycle".

What if I have questions on what I can recycle?

Contact the Town Office at 499-7526 or refer to the [Curbside ZERO-SORT Recycling brochure](#).
